

2009 State Health Benefit Plan (SHBP) Prescription Drug List for High-Deductible Health Plan PPO

Your UnitedHealthcare pharmacy benefit offers flexibility and choice in finding the right medication for you.

This guide will:

1. Help you understand your medication choices and make informed decisions.
2. Help you understand which questions to ask your doctor or pharmacist.

What is a Prescription Drug List (PDL)?

A PDL is a list of Food and Drug Administration (FDA)-approved brand name and generic medications.

Your UnitedHealthcare pharmacy benefit provides coverage for a comprehensive selection of prescription medications. Below you will find some commonly prescribed medications for certain conditions. You and your doctor may refer to this list to select the right medication to meet your needs.

The benefit plan documents provided by your health plan include a Summary Plan Description (SPD). Please refer to this document for more details about your individual plan.

Understanding Tiers

Prescription medications are categorized within three tiers. Each tier is assigned a copayment, the amount you pay when you fill a prescription, which is determined by your health plan. Consult your benefit plan documents to find out the specific copayments, coinsurance and deductibles that are part of your plan. You and your doctor decide which medication is appropriate for you.

Tier 1 – Your Lowest-Cost Option

This is your lowest copayment option. For the lowest out-of-pocket expense, you should always consider Tier 1 medications if you and your doctor decide they are right for your treatment.

Tier 2 – Your Midrange-Cost Option

This is your middle copayment option. Consider Tier 2 medications if you and your doctor decide that a Tier 2 medication is right for your treatment.

Tier 3 – Your Highest-Cost Option

This is your highest copayment option. Sometimes there are alternatives available in Tier 1 or Tier 2 that may be appropriate to treat your condition. If you are currently taking a medication in Tier 3, ask your doctor whether there are Tier 1 or Tier 2 alternatives that may be right for your treatment.

Compounded medications, medications with one or more ingredients that are prepared “on-site” by a pharmacist, are classified at the Tier 3 level.

Please note: Check the Drug Pricing / Coverage information on www.myuhc.com, or call the Customer Care number on your ID card for more information about your benefit plan.

If you have pharmacy benefit coverage with UnitedHealthcare, you may learn more about your benefit by visiting www.myuhc.com or by calling the Customer Care telephone number printed on your ID card. If you are not currently enrolled with UnitedHealthcare for pharmacy benefit coverage, you may access www.myuhc.com for additional information during your open enrollment period or you may contact your health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the “Preferred Drug List (PDL).” This change in descriptive terms does not affect your benefit coverage.

Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

THIS DOCUMENT LIST IS EFFECTIVE JAN. 1, 2009 THROUGH DEC. 31, 2009. THIS LIST IS SUBJECT TO CHANGE.

Who makes tier placement decisions and what factors are considered?

Several factors are considered when deciding the placement of a medication on the UHC Prescription Drug List including the medication's classification. Several committees contribute and evaluate the overall value of the medication to ensure an unbiased approach. Committee members are various health care professionals including pharmacists and physicians with a broad range of specialties.

The two main committees are:

Our National Pharmacy and Therapeutics (P&T) Committee evaluates clinical evidence in order to determine a medication's role in therapy and its overall clinical value. In addition, the P&T Committee reviews the relative safety and efficacy of the medication.

The UnitedHealthcare PDL Management Committee evaluates the clinical recommendations of the P&T committee as well as pharmacoeconomic and economic information. Our PDL Management Committee uses the input from these various committees to make a tier placement decision based on the overall value of the medication.

The PDL Management Committee helps to ensure access to a wide range of affordable medications for you.

How often will prescription medications change tiers?

Medications may move to a higher tier once per calendar year (January 1). Additionally, when a brand name medication becomes available as a generic, the tier status of the brand name medication will be evaluated. When a medication changes tiers, you may be required to pay more or less for that medication. These changes may occur without prior notice to you.

For the most current information on your pharmacy coverage, please call the Customer Care number on your ID card or visit www.myuhc.com.

What is the difference between brand name and generic medications?

Generic medications contain the same active ingredients as brand name medications, but they often cost less. Generic medications become available after the patent on the brand name medication expires. At that time, other companies are permitted to manufacture an FDA-approved, chemically equivalent medication. Many companies that make brand name medications also produce and market generic medications.

The next time your doctor gives you a prescription for a brand name medication, ask if a generic equivalent is available and if it might be appropriate for you. While there are exceptions, generic medications are usually your lowest cost option. Go to myuhc.com to determine the copayment for your generic medication.

If you have pharmacy benefit coverage with UnitedHealthcare, you may learn more about your benefit by visiting www.myuhc.com or by calling the Customer Care telephone number printed on your ID card. If you are not currently enrolled with UnitedHealthcare for pharmacy benefit coverage, you may access www.myuhc.com for additional information during your open enrollment period or you may contact your health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the "Preferred Drug List (PDL)." This change in descriptive terms does not affect your benefit coverage.

Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

THIS DOCUMENT LIST IS EFFECTIVE JAN. 1, 2009 THROUGH DEC. 31, 2009. THIS LIST IS SUBJECT TO CHANGE.

Why is the medication that I am currently taking no longer covered?

Medications may be excluded from coverage under your pharmacy benefit. For example, a prescription medication may be excluded from coverage when it is therapeutically equivalent to an over-the-counter medication. Alternative medications may be included on the PDL. Talk to your doctor about the most appropriate medication for you.

When should I consider discussing over-the-counter or non-prescription medications with my doctor?

An over-the-counter medication can be an appropriate treatment for many conditions. Consult your doctor about over-the-counter alternatives to treat your condition. These medications are **not covered** under your pharmacy benefit, but they may cost less than your copayment for prescription medications.

Why are there notations next to certain medications in the PDL, and what do they mean?

The specific definitions for these notations (**QLL**, **QD**, **N**, etc.) are listed at the bottom of each page of the PDL and refer to our pharmacy programs. These programs can help:

- Confirm coverage based on your benefit plan
- Alert pharmacists and doctors of potentially harmful medication interactions
- Notify your pharmacist and doctor of duplication in treatments

Please call Customer Care if you need additional information about these notations.

What should I do if I use a self-administered injectable medication?

You may have coverage for self-administered injectable medications through your pharmacy benefit plan. UnitedHealthcare has developed a specialty pharmacy network for these medications. Please call our toll-free Specialty Pharmacy Referral Line at 1-866-429-8177 where a representative will answer questions about our program and then transfer you to a specialty pharmacy based on your particular specialty medication prescription.

How do I access updated information about my pharmacy benefit?

Since the PDL may change periodically, we encourage you to visit www.myuhc.com or call the Customer Care number on your ID card for more current information.

Log on to **myuhc.com** for the following pharmacy resources and tools:

- Pharmacy benefit and coverage information
- Specific copayment amounts for prescription medications
- Possible lower-cost medication alternatives
- A list of medications based on a specific medical condition
- Medication interactions and side effects, etc.
- Locate a participating retail pharmacy by zip code
- Review your prescription history

What if I still have questions?

Please call the Customer Care number on your ID card. Representatives are available to assist you 24 hours a day, except Thanksgiving and Christmas.

If you have pharmacy benefit coverage with UnitedHealthcare, you may learn more about your benefit by visiting www.myuhc.com or by calling the Customer Care telephone number printed on your ID card. If you are not currently enrolled with UnitedHealthcare for pharmacy benefit coverage, you may access www.myuhc.com for additional information during your open enrollment period or you may contact your health plan for additional information.

In certain documents, the Prescription Drug List (PDL) was referred to as the "Preferred Drug List (PDL)." This change in descriptive terms does not affect your benefit coverage.

Where differences are noted between this PDL reference guide and your benefit plan documents, the benefit plan documents will govern.

THIS DOCUMENT LIST IS EFFECTIVE JAN. 1, 2009 THROUGH DEC. 31, 2009. THIS LIST IS SUBJECT TO CHANGE.

2009 State Health Benefit Plan (SHBP) Prescription Drug List for High-Deductible Health Plan PPO

Tier One

Acarbose	Betamethasone Dipropionate Cream, Lotion, Ointment, Gel	Clotrimazole Troches
Acebutolol	Betamethasone Valerate	Clotrimazole with Betamethasone
Acetaminophen with Caffeine and Butalbital QLL/QD	Betamethasone with Clotrimazole	Colestipol
Acetaminophen with Codeine QLL/QD	Bisoprolol	Cromolyn
Acetaminophen with Codeine, Caffeine and Butalbital QLL/QD	Bisoprolol with Hydrochlorothiazide	Cryselle
Acetaminophen with Hydrocodone QLL/QD	Bromocriptine	Cyclobenzaprine
Acetazolamide	Bumetanide	Cyproheptadine
Acetic Acid with Hydrocortisone Otic Solution	Bupropion N	Desipramine
Acyclovir Tablet, Capsule, Suspension	Bupropion Sustained Action N	Desmopressin
Albuterol Extended Release Tablet	Bupropion Sustained Release 24 Hour	Desonide
Albuterol Inhalation Solution	Buspirone	Desoximetasone
Albuterol Sulfate/Ipratropium Solution, Non-Oral	Butorphanol Nasal Spray QLL	Dexamethasone
Alendronate QLL	Cabergoline	Dextroamphetamine
Allopurinol	Calcipotriene Solution, Topical	Dextroamphetamine Sustained Release
Alprazolam	Calcitriol	Diazepam
Alprazolam Extended Release	Captopril	Diclofenac
Amantadine Tablet, Capsule, Syrup	Captopril with Hydrochlorothiazide	Diclofenac Sodium Drops
Amiloride with Hydrochlorothiazide	Carbamazepine	Dicloxacillin
Amiodarone	Carbidopa/Levodopa	Dicyclomine
Amitriptyline	Carisoprodol	Diflorasone
Amitriptyline with Chlordiazepoxide	Carvedilol	Diffunisal
Amitriptyline with Perphenazine	Cefaclor	Digoxin
Amlodipine Besylate	Cefadroxil	Diltiazem
Amlodipine and Benazepril	Cefdinir	Diphenoxylate
Amoxicillin	Cefprozil	Diphenoxylate with Atropine
Amoxicillin with Potassium Clavulanate	Cefuroxime	Dipyridamole
Amphetamine with Dextroamphetamine Salt Combination QLL/QD	Cephalexin	Divalproex Sodium Tablet, Enteric Coated
Ampicillin	Cesia	Doxazosin
Antipyrine with Benzocaine Otic Solution	Chlordiazepoxide	Doxepin
Apri	Chlorhexidine	Doxycycline
Asmanex QLL	Chlorthalidone	Dronabinol
Aspirin with Caffeine and Butalbital	Chlorzoxazone	Econazole
Aspirin with Codeine, Caffeine and Butalbital	Cholestyramine	Enalapril
Atenolol	Cholestyramine with Aspartame	Enalapril with Hydrochlorothiazide
Atenolol with Chlorthalidone	Ciclopirox Gel, Topical	Enpresse
Aviane	Ciclopirox Solution, Topical	Eplerenone
Azathioprine	Cilostazol	Ergotamine Tartrate, Belladonna Alkaloids and Phenobarbital
Azithromycin	Ciprofloxacin	Errin
Baclofen	Ciprofloxacin Tablet, Sustained Release, 24 Hour	Erythromycin Base 250, 333mg
Balsalazide Disodium	Citalopram	Erythromycin Ethylsuccinate
Benazepril	Clarithromycin	Erythromycin Stearate
Benazepril with Hydrochlorothiazide	Clarithromycin XL	Erythromycin with Benzoyl Peroxide
Benzonate	Clidinium with Chlordiazepoxide	Estradiol Patch QLL
Benzotropine	Clindamycin Capsule	Estradiol/Norethindrone Acetate 1mg/0.5mg
Betamethasone Dipropionate Augmented Cream	Clindamycin Gel, Soln, Lotion, Swabs	Estropipate
	Clindamycin Vaginal Cream	Ethinyl Estradiol/Drospirenone 0.3mg/3mg
	Clobetasol	Etidronate Disodium
	Clobetasol Propionate Foam	Etodolac
	Clomiphene	Famciclovir
	Clomipramine	Fast Take Test Strips QLL
	Clonazepam	Felodipine
	Clonidine	
	Clorazepate	

Some medications are noted with N, QD, or QLL. The definitions for these symbols are listed below. Your benefit plan determines how these medications may be covered for you.

N = Notification. There are a few medications that your doctor must notify us of to make sure their use is covered within your benefit.

QD = Quantity Duration. Some medications have a limited amount that can be covered for a specific period of time.

QLL = Quantity Level Limit. Some medications have a limited amount that can be covered at one time.

THIS DOCUMENT LIST IS EFFECTIVE JAN. 1, 2009 THROUGH DEC. 31, 2009. THIS LIST IS SUBJECT TO CHANGE.

2009 State Health Benefit Plan (SHBP) Prescription Drug List for High-Deductible Health Plan PPO

Tier One

Fenofibrate Micronized 54, 67, 134, 160, 200mg
Fentanyl Citrate Lollipop **QLL/QD, N**
Fentanyl Transdermal System **QLL/QD**
Fexofenadine
Finasteride **N**
Flecainide
Fluconazole 50, 100, 200mg
Fluconazole 150mg
Fludrocortisone
Flunisolide Nasal Spray
Fluocinolone
Fluocinonide
Fluocinonide-E
Fluorometholone
Fluorouracil Cream
Fluoxetine
Flurazepam
Flurbiprofen
Fluticasone Nasal Spray **QLL**
Fluvoxamine
Folic Acid
Foradil **QLL**
Fortical
Fosinopril
Fosinopril with Hydrochlorothiazide
Freestyle Lite Test Strips **QLL**
Freestyle Test Strips **QLL**
Frova **QLL**
Furosemide
Gabapentin Capsule, Tablet
Galantamine
Gemfibrozil
Gentamicin
Glimepiride
Glipizide
Glipizide Extended-Release
Glipizide with Metformin
Glyburide
Glyburide Micronized
Glyburide with Metformin
Glycopyrrolate
Granisetron Tablet **QLL**
Guanfacine
Halobetasol Cream, Ointment
Haloperidol
Hydralazine
Hydrochlorothiazide
Hydrocodone with Homatropine
Hydrocortisone Acetate Suppositories
Hydrocortisone Valerate
Hydromorphone
Hydroxychloroquine
Hydroxyzine

Ibuprofen - Prescription strengths only
Ibuprofen with Hydrocodone
Imipramine
Indapamide
Indomethacin
Ipratropium Inhalation Solution
Isometheptene, Dichloralphenazone and Acetaminophen
Isoniazid
Isosorbide Dinitrate
Isosorbide Mononitrate
Isotretinoin
Isradipine
Itraconazole **QD**
Junel
Junel FE
Kariva
Ketoconazole
Ketoprofen
Ketorolac **QLL**
Labetalol
Lactulose
Lamotrigine
Leflunomide
Lessina
Leuprolide
Levonorgestrel-Ethinyl Estradiol Tablet, Dosepack, 3 Month **QLL**
Levorphanol Tartrate
Levothyroxine
Levora
Lidocaine Viscous
Lisinopril
Lisinopril with Hydrochlorothiazide
Lithium Carbonate
Lithium Carbonate Controlled-Release
Lithium Carbonate Extended-Release
Lorazepam
Lovastatin
Low-Ogestrel
Maxalt **QLL**
Maxalt **MLT QLL**
Mebendazole
Medroxyprogesterone 150mg/ml **QLL**
Medroxyprogesterone Tablet
Mefenamic Acid
Mefloquine
Megestrol
Meloxicam
Meperidine
Meperidine with Promethazine
Mesalamine Enema
Metformin
Metformin Extended-Release
Methadone

Methimazole
Methocarbamol
Methotrexate
Methyldopa
Methylphenidate
Methylphenidate Extended-Release
Methylprednisolone
Methyltestosterone with Esterified Estrogens
Metoclopramide
Metolazone
Metoprolol
Metoprolol Succinate Sustained Release
Metronidazole
Metronidazole Cream
Metronidazole Vaginal Gel
Microgestin
Microgestin FE
Minocycline
Minoxidil Tablet
Mirtazapine
Mirtazapine Dispersible Tablet
Misoprostol
Moexipril
Mometasone
Mononessa
Morphine
Morphine Sulfate Controlled Release **QLL/QD**
Mupirocin Ointment
Mycophenolate Mofetil
Nabumetone
Nadolol
Nadolol/Bendroflumethiazide
Naproxen - Prescription strengths only
Necon
Nefazodone
Neomycin/Polymyxin B/Dexamethasone
Neomycin/Polymyxin/Gramicidin
Neomycin/Polymyxin/Hydrocortisone
Nifedipine
Nifedipine Controlled-Release
Nifedipine Extended Release
Nisoldipine 20, 30, 40mg
Nitrofurantoin/Nitrofurantoin Macrocrystals
Nitrofurantoin Macrocrystals
Nitroglycerin
Norethindrone
Nortrel
Nortriptyline
Novolin Vials
Novolog Vials
Nystatin
